The alarm sent in from box \$1 yesterday afternoon was caused by the house of John Cadon, 316 Ferdinand street, catching fire from an over-

heated stove. Mrs. Cadon had just left the house to call on a neighbor, and had left the children in the house alone. On her return she noticed a dense smoke coming out of the windows. She quickly called "fire" to some men at the Cayuga breaker and they telephoned to the Liberty hose house to turn in the alarm.

When the hose companies came on the scene the Cadon house was a mass of flames and the house standing next it, owned by Mrs. John Murphy, had started to burn. The firemen quickly turned a stream on the Murphy house to save it from being destroyed, and succeeded in this.

The damage done to the Cadon property amounted to about \$600, and the house of Mrs. Murphy was damaged to the extent of about \$300. Both families had their properties fully covered by insurance.

The mid-week services of the Green Ridge The histories services of the Green Ringe Presbyterian church, held last night, were un-usually interesting, the subject being "The Fam-ine Orphans of India," E. B. Sturges led the meeting and gave an interesting talk upon the subject. The famine of 1897, he said, was not nubject. The familie of 1807, he said, was not hearly as devastating as that of the past year, when from seven to eight million people perished. The treason there are so many orphans is because persons advanced in years are not as well able to stand the privations as the children and die in greater number. A single car tare or the price of a vigar put aside every day would support a child in that country, where the price of living can be reduced to about \$15 a
